

POSTER PRESENTATION GUIDELINES:

1. Poster presentations and discussion will take place in front of the poster.
2. Presenters should print and bring their own poster.
3. Each poster will be numbered. Corresponding titles and numbers will be tacked to each poster board, so you will know where to display your poster.
4. Posters design: Posters should include the title of the research, author(s) name, institution and country.
5. Poster should include structured headings as background, objectives, methodology, result (figures & tables) and conclusion.
6. The font style should be Times new Roman (adjust its size according to your text of research).
7. It should include logo as given in the sample.
8. The poster should be displayed on poster board on the day of conference at 9:00 am and can be take off by 5:00 pm.
9. The recommended size of poster including borders if any is 24'' (width) x 36'' (length). Preferable material is penaflex (only light material). Thumbtacks will be provided by organizers.

ORAL PRESENTATION GUIDELINES:

1. Presentation time: 8 minutes, plus 2 minutes for comments and discussion (in English).
2. Presentation: Windows PowerPoint.
Font size at lest 30pts for text and 40 for headings
3. Material: USB Memory. It must be submitted to the designated area at least 1hour before the presentation. The use of personal laptops for the presentation is not permitted.
